application treatment

With Built-in Cooling
Function

Easy read-able
control panel

The Micro Mist uses an ultrasound-generated mist to help treatment particles permeate into damaged hair and reach even impaired areas inside the hair. The particles of mist are much smaller and lighter than those of steam and therefore they can penetrate the cuticle of the hair to a greater depth, without the hair becoming saturated with water. This means the Micro Mist pushes the product deeper into the hair where it is needed. The Micro Mist's advanced and unique cooling system that comes on at end of each treatment cools the hair and closes the cuticle trapping the treatment inside, giving a strong and long lasting result

IN-SALON TREATMENT

COLLAGE

COLOR SYSTEM

PERMANENT HAIR COLOR

Permanent high performance hair color thanks to its OF5 technology that acts on the effectiveness of pigments.

Collage's tones (XX/00) are recommended for grey hairs that are difficult to cover and therefore require more intense pigmentation.

LAKME
INSPIRED HAIRCARE

GLOSS

DEMI-PERMANENT HAIR COLOR

Demi-permanent ammonia-free hair color. It is formulated with a balanced pH, which helps take care of the hair fiber and cuticle, and prolong long-lasting color. Organic jojoba oil provides softness and extra shine.

COLLAGEMIX

PERMANENT HAIR COLOR

Permanent high performance hair color thanks to its OF5 technology that acts on the effectiveness of pigments. The Mixtones range enables you to intensify and neutralize highlights, and create a limitless world of colors.

COLOR DEVELOPER OXIDANT CREAM

Oxidant cream made with Abyssinian oil which protects the hair fiber and scalp.

Levels:

6V (1.8%) | 9V (2.7%) | 18V (5.4%) | 28V

TREATMENT OF SCALP Purifying Matt mask

This sebum regulating mask balances the excess secretion of sebum. Apply on dry hair and wash with BALANCING SHAMPOO. Once per week recommended application for 3-6 weeks' treatment.

5ml

2

THE WASH & MAINTENANCE Purifying Balancing shampoo

Wash the hair with BALANCING SHAMPOO to regulate the scalp's sebaceous secretions. Use as your normal shampoo as frequently as required.

Once the intensive treatment has been finished, you can continue to use the product to prevent the grease reappearance.

300ml

k.therapy
repair

REPAIR is a range of specific products for dry and very dry hair.

Treatment for Dry Hair

K.therapy REPAIR is a specific range of products for dry and very dry hair.

The main components and active ingredients are:

- Acqua-oil complex: this is a combination of the nutrition provided by natural BABASSU and MACADAMIA oils with the long-term hydrating properties of HYDROMANIL™.
- Invigorating fragrance, with bold aquatic aromas on a woody base.
- Water from the Zermatt glacier.
- Tested under dermatological control.

1

THE WASH

Repair Revitalizing shampoo

Wash the hair with REVITALIZING SHAMPOO to prepare the hair and the scalp for the treatment. Use as your normal shampoo as frequently as required.

BB CRÈME

BB Crème All-In-One is an innovative solution created to minimize products and maximize results. Multi-tasking, the BB Crème All-In-One combines multiple hair solutions in one use for healthy-looking & beautiful hair. From hair reconstruction, fortification, heat-protection to restoration, the BB Crème All-In-One delivers maximum effectiveness directly to the cortex of hair by smoothing, treating & protecting each strand.

Professional BB Crème All-In-One solutions for your hair:

- Reconstructive Straightener
- Thermal Sealant
- Post-color Treatment
- Volume Reducer
- Hair Crystallizer

The Professional BB Crème All-In-One solution can be used alone or as an enhancer for other HS Cosmetics treatments.

Why it Works

- Multi-purpose formula for all hair types
- Quick and easy smoothing treatment
- Seals the cuticle to lock in color and treatments

How it Works

- Argan oil infuses hair with nourishment
- Silk amino acids give moisture for hydrated hair
- Keratin rebuilds foundation for healthier hair

HAIR BOTOX COLLECTION

SHAMPOO

Hiarbotox Shampoo is designed to repair, bond and restore hair from the cuticle to its cortex. While gently cleansing hair from oils and build-up residue, the HairB... Shampoo reconstructs each strand, leaving hair strong and silky.

RECONSTRUCTIVE MASK

Reconstructive Mask is a powerful reconstructive mask designed to moisturize and nurture hair. The Mask penetrates each hair strand, hydrating the cuticle from the inside out, leaving hair smooth and healthy-looking.

Why it Works

- Reconstructs and fortifies damaged hair
- Achieves varying levels of straightness
- Restores hair health while still straightening

How it Works

- Blends of acids penetrate into the cortex
- Acids bring PH level to a neutral stage
- Blow dry and flat iron seal the straight effect

Nail Solutions

Nail Treatments

For a great manicure & Pedicure

DEHYDRATOR

BENEFITS:

An effective pre-color nail wash.

USE: The key to great adhesion of polish. Allow to fully dry before applying the base coat.

6996

BASE COAT

BENEFITS:

Lays down a binding layer to prepare the nail for color.

USE: Use after the application of the Dehydrator and right before the polish service, allow the base coat layer to dry before applying color.

6998

HIGH GLOSS TOP COAT

BENEFITS:

Chip-resistant, air-dry formula contains UV absorbers that helps protect nail color with a high gloss finish.

USE: Use over any polish application.

LED/UV SOAK OFF COLOUR

FOR
THE LOVE OF COLOUR
THAT LASTS!

100%

POLISH
FREE

ODOR
FREE

PATENTED GEL
TECHNOLOGY

3 WEEK COLOUR COVERAGE. NO CHIPPING. NO SMUDGING. NO MICRO-SHATTERING.

**RIPLE
IGMENTATION
ECHNOLOGY**
FOR GUARANTEED
TRUE COLOUR COVERAGE

cuccio™

A DIFFERENT *kind of* SOAK OFF GEL COLOUR™

100% POLISH-FREE

Stabilized formula. No evaporation, thickening, hardening or yellowing guaranteed. Extended wear.

PERFECT PIGMENT MATCH

VENEER™ MATCHES the Cuccio Colour™ nail lacquer collection.

BLOCKS ULTRAVIOLET RAYS

COLOR HEART WINDOW is UV protected to allow your clients to see exact colour while preserving the integrity of the Veneer.

LED AND UV CURE

Just 30 seconds to cure in a LED lamp.
And 2 minutes to cure in a UV lamp.

COST EFFECTIVE

Priced below competitors.

3 DIMENSIONAL

Can be mixed with Veneer 3D Design Powder to create 3D artwork in any Veneer™ colour.

NO MICRO SHATTERING

Veneer's Top Coat with High Gloss Armor prevents any micro-shattering that gives the nails a dull appearance. The armor also gives clients longer lasting durability and wear time.

CONDITIONING CLEANSER

AND CONDITIONING SOAK
Formulated with conditioning emollients, you will never see dehydrated skin and nails again during cleansing OR during soaking off. Helps nails to be healthier.

TRIPLE PIGMENTATION

2 coats = true color (yes, even black) this means that you save money and do not waste product on extra coats.

EXTENDED WEAR

Wear it until YOU want to take it off.

cuccio™ colour veneer

cuccio™ colour veneer

Treatments

STEP 1 PREP 6996-LED

Prep is a natural nail dehydrator. It eliminates all moisture that can be locked in the nails after hand washing following the manicure/prep portion of the service.

STEP 2 FUSE 6997-LED

Fuse is a non-acid, pH bonder. It aids in the adhesion of the Veneer product. It also extends the wear time. (Perfect for clients that have oily nail beds)

STEP 3 BASE 6998-LED

Base is the first layer of the LED / UV curing process in the Veneer service. It acts as a barrier to prevent any staining of the nail.

STEP 4 VENEER

Select Cuccio Colour Veneer™ soak off gel colour of your choice.

STEP 5 TOP

Top is a high gloss armor for the Veneer. It repels scratches and cracks leaving the nails shiny for the entire length of the wear time.

STEP 6 CONDITIONING CLEANSER

Combines the cleansing solution that removes the sticky layer left behind by LED / UV products with the added hydration of a cuticle oil. It's the first step in preventing dehydration of the skin and nails caused by most cleansers. (Use after final step of Veneer topcoat)

CONDITIONING SOAK OFF SOLUTION

Combines the soak off solution to remove the Veneer with the added hydration of a cuticle oil. The average "soak off gel" can cause damage in the soak off process by excessively dehydrating the nail plate. The added hydration aids in the removal process. As the Veneer is softened by the solution, oils help release it from the natural nail plate.

BRAZILIAN BLUSH

T3 LED/UV GEL
is available in 1/4 oz., 1 oz. and 2 oz.

cuccio™

CONTROLLED LEVELING

T3 LED/UV Controlled Leveling

The Gel that you control, not the gel that controls you! Formulated to be extra thick in viscosity. It stays where you put it. Major benefit is the flexibility factor which gives it strength. A flexible T3 gel nail has shock absorption when hit unlike Acrylics that tend to snap because they have no flexibility. No heat reaction, high shine and 100% odor free.

NAIL TIPS

STILETTO

SEAMLESS FRENCH

ULTRA WEAR

Our most popular nail tip. Suitable for many nail shapes with a gentle upper arch and "C" curve with parallel side walls.

ULTRA CLEAR

The same popular shape as our Ultra tips but in clear plastic for use with colored acrylics, gels or nail art.

FRENCH WHITE

Our French White tips provide a permanent French manicure look. The cut-out tip provides a perfect smile line and does not require any blending.

REVELATION

The Revelation tip is our popular Ultra tip with the sell area cut out-- a great time saver.

VAMP

Pointed tip, well-less that requires no blending, cutting or shaping.

Micro Neddling Pen

TRAMEL
c o s m e t i c s

6 Speed Levels for Different Skin Areas

The microneedling pen is equipped with 6 different speed levels to adapt to choose from. You can easily adjust it by short pressing the power button.

Excellent for Professional & Home use

The micro needling pen is a cordless and handheld skincare device for home use. It can be used on different areas of the face and body to help you improve different skin conditions.

3Pcs Replacement Cartridges

The microneedle pen comes with 3pcs individually packaged cartridges, 1pcs of which are 12-pin, 1pcs are 36-pin, and 1 nanoneedle. These cartridges are disposable and one-time use. It is very convenient to replace each time.

DEPILATORY

Professional Hair Removal

LIPOSOLUBLE WAXES

This type of wax is the most modern product for stripping away unwanted hair. These waxes are made of a mixture of resin extracts and highly refined oils, incorporating the three main qualities that any hair removal wax must have: Fluidity to ensure a properly applied spread, a delicate yet firm grip on the hairs and the ability to vent heat so that it does not accumulate and cause reddening. Our formulas are the fruit of in-depth, innovative research aimed at that little something extra, obtaining that characteristic uniqueness that makes the difference on this difficult market.

The image features a variety of dental and grooming tools and products scattered across a dark, textured background. In the top left, there is a silver cylindrical device with a clear cap. To its right, a pair of dental forceps is visible. Below the silver device, a dental mirror and a black comb are positioned. In the bottom left, a large silver spray bottle and a black cylindrical container are shown. A shaving brush with a dark handle and brown bristles is located near the bottom center. To the right of the brush, another pair of dental forceps is placed. Further right, a thin dental probe and a black comb are visible. In the bottom right corner, a blue cylindrical device with a clear cap is shown. The central text 'ACCESSORIES & DISPOSABLE PRODUCTS' is prominently displayed in a bold, black, sans-serif font with a white outline.

ANTI-HAIR WHEELS

The thinner wheels make reduced contact with the floor and collect less hair, remaining always clean and efficient.

The fork too, with its shape, has been designed to prevent hair from wrapping around the spindle.

It's anyway possible to clean it more thoroughly by removing the wheel as indicated in the sequence.
